## Subjects lectured in English - International Semesters

 Students in mobility (ERASMUS, etc.) can also find in ESTGV a set of subjects in different scientific areas with classes in english language. In order to meet the specific needs of each student, it is possible to build the International Semester. Therefore, choose from the list below the subjects you want to include in the International Semester

In order to apply or to get more information, please contact the [International Relations](#) of Polytechnic Institute of Viseu.

Please notice that the subjects will only be lectured in english if there is a minimum of 10 students enrolled.

Subjects	Scientific area	Fall	Spring
